The Honorable Jesse A. Helms
United States Senate
Washington, D.C. 20510

Dear Senator Helms:

A few weeks ago, you wrote to the Acting Director of Central Intelligence to request a shorter treatment of the study written by Joseph Douglass entitled, "Why the Soviets Violate Arms Control Treaties".

We undertook your request, and the report arrived a few days ago in its printed, final form. We have the original in our Print Shop for reproduction; 100 copies should arrive in the next week or less. My staff will deliver the copies to your office when they are in hand.

If there is anything more we may do to assist you, please let me know.

Sincerely,

Director of Congressional Affairs
